CUSTOMER

How do you use the catalogues ?

First Thing to notice is how the catalogue is set out. Each catalogue is sorted in alphabetical order by Headings and then by Sub-Headings.

1st Section is ACCESSORIES

2nd Sections is BODYWORK

3rd Sections is BODYWORK STYLING and so on...

However After Accessories comes all the sub-headings relating to Accessories.

1st Sub-Heading under ACCESSORIES is ALLOY WHEELS

2nd Sub-Heading under ACCESSORIES is BOOT LINERS

3rd Sub-Heading under ACCESSORIES is COOLANT and so on....

The Last Sub-heading is WING PROTECTORS and then you start with a new heading of BODYWORK.

For Catalogues on CD here are a few useful tips.

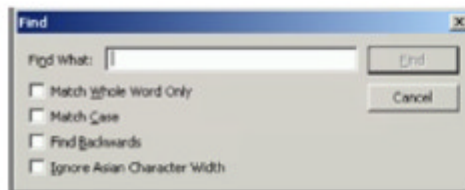

THE CATALOGUE IS TOO SMALL - I CAN'T READ IT

When you open the catalogues (depending on the size of your monitor) you may not be able to read the writing. If this is the case click on the  magnifying glass as many times as you need to and the writing will get bigger. Using the scroll bars at the bottom and side you can manoeuvre around the page.

I CAN'T FIND WHAT I'M LOOKING FOR - THERE IS TOO MUCH INFORMATION

When using the CD there is a great tool to help you find exactly what you are looking for quickly! Press the binoculars  button which will bring up the box below

In the 'Find What' box enter either
OUR PART NUMBER or
OE PART NUMBER or
DESCRIPTION ie: Oil Filter

& Press Find - This will then take you to the part you need. If it is not the correct one press find again until the one you require comes up.

PREPAY BY CHEQUE

We will normally despatch your good immediately upon receipt of the cheque.

PRICING & CATALOGUE INFORMATION

All prices listed in our catalogues and any special offers are subject to VAT (Where applicable) and our usual carriage term apply. E & OE. Skoda part numbers & RRP's are for reference purposes only. Please note that this catalogue is not meant as an exact application list. We rely heavily on our customers advising us of current OE Reference No's which change frequently.

RETURNS POLICY

If you wish to return a faulty item, you must first fill in a warranty returns form (Available on request). On receipt of the faulty item we aim to get your claim processed within 1 week. Please note that there is a six month warranty on all hard parts. If you have ordered a part incorrectly there will be a 20% re-stocking charge. Please note that on faulty goods we are unable to compensate for labour charges.
