MATERIALS GUIDE

Our range of health and safety signage is available in rigid plastic, vinyl sticker or photoluminescent sign.

1mm Rigid Plastic

This hard wearing durable material is ideal for all your signage requirements in the workplace. The material is flexible, yet strong and can be easily fixed to multiple surfaces. Suitable for indoor and outdoor use.

Self-Adhesive Vinyl

An ideal low cost solution. Our self-adhesive vinyl provides a professional gloss finish with a peel off backing for quick and easy application. Suitable for indoor and outdoor use. Great for application onto curved surfaces - no fixings required.

Photoluminescent

Our rigid plastic signs and self-adhesive vinyl can be printed with a photoluminescent finish which enables signage to be easily read in the event of power loss. Especially suitable for fire safety signs.

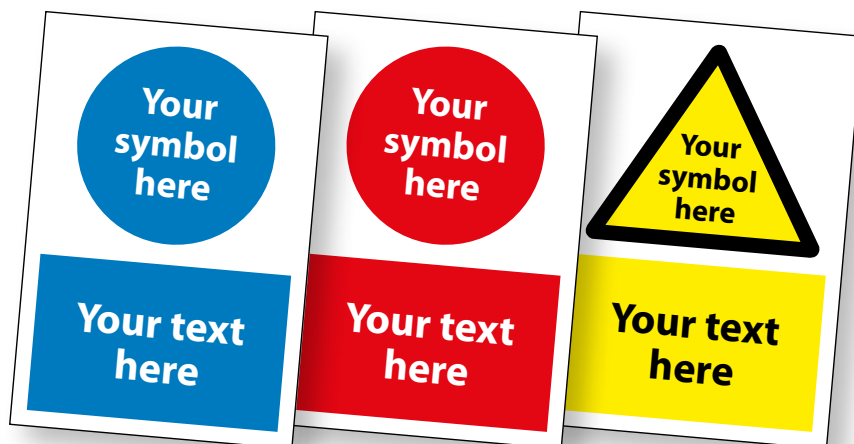

Can't find the sign you are looking for? Let us create one for you...

We can create any **Health & Safety** sign to suit you or provide you with any design you may require. All you need to do is send us a rough sketch and we will do the rest*

*Standard artwork FREE OF CHARGE

All our Signs comply with BS EN ISO 7010 where applicable, the International Organisation for Standardisation.

Garage Safety

Fuel Retriever Sign

HSE Recommended sign when fuel retrieval is in operation.
