

GEN2 Wheel Bearing Kit/VAG 62/66/72/85mm

For the removal and installation of 2nd generation hub and wheel bearings

Additional Information

- Applications: Audi A2, Volkswagen Lupo, Fox, Polo, Multivan, Toureg, Transporter Skoda Fabia, Roomster Seat Ibiza, Cordoba
- For 62mm, 66mm, 72mm and 85mm bearings. The extraction adaptor (572-6) for GEN2 bearing kits has been redesigned to allow the extraction of the relevant bearings without removing the ABS sensor
- Generation II style wheel bearings are a wheel bearing and drive flange that cannot be separated.
- By using clamshells and force plates/pins the tool ensures the loads of insertion are taken only on the outer race of the bearing
- Replacement Force Screw available Part No 0454. Replacement thrust bearing available Part No 0662
 Replacement Force Nut Part No 0108. Adequate and appropriate lubricants to be used on threaded force screws and http://dspecialingquakenneds.Molybdenum Disulphide Grease / threaded force screws and http://dspecialingquakenneds.Molybdenum Disulphide Grease / threaded force screws and http://dspecialingquakenneds.molybdenum.pdf
