

Our products are designed to be used correctly and with care for the purpose for which they are intended. No liability is accepted by the Tool Connection for incorrect use of any of our products, and the Tool Connection cannot be held responsible for any damage to personnel, property or equipment when using the tools. Incorrect use will also invalidate the warranty.

If applicable, the applications database and any instructional information provided has been designed to offer general guidance for a particular tool's use and while all attention is given to the accuracy of the data no project should be attempted without referring first to the manufacturer's technical documentation (workshop or instruction manual) or the use of a recognised authority such as Autodata.

It is our policy to continually improve our products and thus we reserve the right to alter specifications and components without prior notice. It is the responsibility of the user to ensure the suitability of the tools and information prior to their use.

LASER[®]

Master Glow Plug Threaded Insert Kit M8 x 1mm, M9 x 1mm, M10 x 1mm and M10 x 1.25mm

YouTube

- The unique Laser design, utilising fitting tools with reduced dimensions at the working end makes access to recessed plug threads easier.
- The fitting bolts supplied are specially manufactured from high tensile steel to ensure the tools will last much longer and not stretch in use.
- Part of the kit is EU Registered design.
