

Sump Floor - FLS0001

Suitable for 2 x 205 litre Drums or 4x 100 Litre

Backed by a 3 year guarantee A low profile 2-drum sump floor is only 150mm high moulded from medium density polyethylene that can be used as a stand-alone unit or combined with others to create unlimited bunded areas. Units can be joined together with plastic connectors to inter-link the sumps and the injection moulded mesh floor has a 1000kg static weight load.

You will require an appropriate size/capacity fork lift truck to offload this item from the delivery vehicle. Our standard delivery doesn't include any off-loading.

- **Modular workflow area**
- **100% polyethylene**
- **Removable plastic grid for easy clean-up**
- **Optional loading/unloading ramp available**
